Quo Vadis.

"Quo Vadis," George Kleine's superb photo drama spectacle will be presented for the first time in Norway on Tuesday and Wednesday next at the Opera House.

For lovers of romance the beautiful story of the Roman youth Vinitius' great love for the sweet young Christian girl, Lygia, is graphically visualised as well as the companion story of Petronius' affection for his slave "Eunice." To admirers of history and seachers f r thrills nothing can be more satisfying than these vivid pictures of the infamous Nero and his court, the chariot races, gladiator combats and the rending of the faithful band of Christian martyrs by the ferocious lions, and in that crowning spectacle illustrating his infamous and imbecilic vanity, the burning of Rome.

Those who enjoy the lessons taught in the story take pleasure in the illustrated history of the birth of Christianity in Rome, the trials and experiences of the Christians, the teachings of Peter and Paul and the visitation of the Saviour to Peter on the Appian Way.

Special music has been composed for the production which will be rendered on the organ. The performances will begin at 8.15 p. m. All seats are reserved and may be now obtained in advance at Stone's.

W. R. C. Notes.

The annual inspection of Harry Rust W. R. C., No. 45, was held at the Modern Woodmen hall on Thursday, Nov. 6, at 7 30 p. m., with the president, Mrs. Addie Lovejoy, in chair. The department inspector, Mrs. Mae Bartlett of Bethel, headed by the national colors, was escorted to the president's station by Conductor Mrs. Evelyn Young. The entire ritualistic work was taken up in order, and a thorough work was done by the Corp.

The inspector extended words of praise for the good work done during the evening by officers and members. A large share of credit is due the president for her untiring efforts in managing the work during the present year. She has been supported by a good selection of officers, which is always a greet help to the president. The Corps is rapidly increasing in membership, having thus far conferred the initiatory work on nine members since Jan. 1st. Everyone who attends the meetings seems to be interested in the work, and there is no reason why the Corps should not receive as many members during the coming year. Our inspector wishes me to announce that our membership has increased more than other Corps in her district. We received one new application for membership at this meeting, and one was accepted by ballot.

"For the good of the Order" remarks were made by Commander Winfield Cordwell, Comrade Kneeland, also by Mrs. Dwinal, past president of Sampson Corps of Rochester, N. H.

Forty-one members and Veterans and one visitor sat down to a fine lunch at the close of the evening session. Lunch consisted of coffee, assorted sandwiches, doughnuts, assorted cake, cookies tand cheese. Two large tables were filled and a few unfortunates were seated at a small side table where there is always a scarcity of food, but immediately after the tables were vacated a plenty of food was soon produced and eventually all were satisfied.

This was an evening spent with our inspector which will always remain in the memory of those present. Her method of inspecting the work was in every way kind and gentle, yet decided, always thoughtful of the different conditions of Corps, and great praise is due her for her splendid way of imparting ideas to her people. She was entertained at the pleasant home of the president on Fern street.

On the following day she inspected the Z. L. Packard Corps of Hebron. She was accompanied by Mrs. Addie Lovejoy, Mrs. Ida M. Gammon and Mrs. Alta J. Sheen. The beautiful ride was enjoyed by auto. The day was as beautiful as a summer's day. The party enjoyed a fine lunch of coffee, assorted sandwiches, cheese, doughnuts, cookies, cakes, all kinds of pies and fruit. The day came to a close at last and the return home ride was taken during the sunset hour, which was the most beautiful part of the day.

Mrs. Bartlett returned home on the evening train after receiving best wishes from dear friends.

On Thursday afternoon, Nov. 6, the auditing committee of Harry Rust W. R. C., No. 45, met at the home of Mrs. Edith Edwards on Fern street. After the work on the books was completed the party, amid the strains of a beautiful march on the piano by Gladys Edwards, adjourned to the dining room where a delicious lunch was served by the hostess, consisting of a fine oyster stew, pickles, a fine assortment of cake, with coffee.

Those present were Mrs. Clara Elliott, treasurer; Mrs Eva L Fogg, Mrs. Addie Lovejoy, Mrs. Alta Sheen, Mrs. Lizzie Edwards, Gladys Edwards, Mrs. Annie Frost and Mrs. Edith Edwards. Justice was done to all the good things served and the remainder of the afternoon was spent in pleasant conversation. Like all other good times the end came too soon, all thanking the hostess for her hospitality and assuring her we would meet in a few short hours for another lunch.

Can You Doubt It?

When the Proof Can Be So Easily Investigated.

When so many grateful citizens of Norway testify to benefit derived from Doan's Kidney Pills, can you doubt the evidence? The proof is not far away—it is almost at your door. Read what a resident of Norway says about Doan's Kidney Pills Can you demand more convincing testimony?

C. E. Bradford, prop. laundry, Main St., Norway, Me., says: "Sometimes I had a dull pain through the small of my back, together with a tired feeling. I couldn't rest well. When a friend advised me to take Doan's Kidney Pills, I got a supply at Stone's Drug Store. After I used two boxes, the pains left and there was a great improvement in every way. I have had no trouble since."

If your back aches—if your kidneys bother you, don't simply ask for a kidney remedy—ask distinctly for Doan's Kidney Pills, the same that Mr. Bradford had—the remedy backed by home testimony. 50c all stores. Foster-Milburn Co., Props., Buffalo, N. Y. 46-47

Late November.

Late November, near December,
When the cold winds blow,
In December we remember,
We will have the snow;
It's good living 'bout Thanksgiving,
Turkeys then you know,
We remember good and tender,
When the cold winds blow.

Late November, near December,
Heavy clouds above,
Tell of snow and tell of winter,
Thoughts of those we love—
To come home about Thanksgiving,
Turkeys then you know—
We remember good and tender,
When the cold winds blow.

The Whistler.

Throughout the sunny day he whistled on his way,
Oh! high and low, and gay and sweet
The melody rang down the street;
Till all the weary, worn and gray,
Smiled at their work, or stopped to say—
"Now God be thanked that youth is fair,
And light of heart and free from care."

What time the wind blew high, he whistled and went by,
Then clarion clear on every side
The song was scattered far and wide:
Like birds above a storm that fly,
The silver notes soared to the sky,
"Oh! soul whose courage does not fail
But with a song can meet the gale."

And when the rain fell fast, he whistled as he passed
A little tune the whole world knew,
A song of love, of love most true;
On through the mist it came at last
To one by sorrow overcast;
"Dear Christ," she said, "by night and day
They serve who praise—as well as pray."

And when the fog hung gray, he whistled on his way,
The little children in his train
With rosy lips caught up the strain.
Then I, to hear what he might say,
Followed with them, that sombre day.
"Is it for joy of life," quoth I,
"Good sir, you go a-whistling by?"
He smiled and sighed and shook his head:
"I cheer my own sad heart," he said.

STRYCHNINE.

Dr. E. G. Pyrum-Perry.

Dr. Elizabeth G. Pyrum-Perry died at the home of Charles Farrington, North Fryeburg, on Monday, Nov. 3. Mrs. Perry, who was the daughter of Phillip Farrington, was ninety-three years of age, being born at Fryeburg Center in 1820, a fact of which she was very proud, and as it will be recalled, to which she often referred, claiming by right of it not only a residence in Maine, but that the State was made for her when it was separated from Massachusetts in 1820, just 15 days before the event of her birth.

Dr. Perry was a woman of remarkable and engaging personality and whose mentality was exceptional. Her residence in New York City for 55 years gave her wide and varied experience and helped to extend her outlook on life which would nevertheless have been broad under any circumstances.

Dr. Perry received her diploma as a physician in 1880, when she was already 60 years of age, and practiced with success in New York until 1892, when she felt that she would be benefitted by the atmosphere and life of her old home in New England, and it was at that time when she returned to Fryeburg.

She was a graduate of a medical school in New York City. She also held a certificate allowing her to practice in the State of Maine.

She used eyeglasses only for the finest print, and moved with a firm step, taking active part in the social functions with far more interest and zeal than many of the younger participants. Her voice was clear and strong to the end and at impromptu entertainments she delighted he audience with recitation of her own composition. She has always devoted a portion of her time to literary work and it was without doubt her mental activity which had much to do with prolonging her bodily health. It was always a rare treat to hear her brilliant repartee in conversation. Mrs. Perry was a wonderfully well preserved woman and the past summer visited in Portland and at the islands.

On Sunday, although not quite in her usual health, she visited her own home, a short distance from Mr. Farrington's where she has lived for some time past.

On Monday morning pneumonia developed and death followed that night. The burial was on Wednesday afternoon.

A Valuable Suggestion

Important to Everyone

It is now conceded by physicians that the kidneys should have more attention as they control the other organs to a remarkable degree and do a tremendous amount of work in removing the poisons and waste matter from the system by filtering the blood.

During the winter months especially, when we live an indoor life, the kidneys should receive some assistance when needed, as we take less exercise, drink less water and often eat more rich heavy food, thereby forcing the kidneys to do more work than Nature intended. Evidence of kidney trouble, such as lame back, annoying bladder troubles, smarting or burning, brick-dust or sediment, sallow complexion, rheumatism, may be weak or irregular heart, action, warns you that your kidneys require help immediately to avoid more serious trouble.

Many physicians claim that an herbal medicine containing no minerals or opiates has the most healing influence. An ideal herbal compound that has had most remarkable success as a kidney and bladder remedy is Dr. Kilmer's Swamp-Root.

You may receive a sample bottle of Swamp-Root by Parcels Post. Address Dr. Kilmer & Co., Binghamton, N. Y., and enclose ten cents; also mention the Norway Weekly Oxford County Advertiser. 46 49

WHY YOU SHOULD USE CHILTON PAINT

It is a Pure Linseed Oil Paint. It contains no Benzine or Naptha in any form. Its record for durability is not surpassed. It has been used here in Norway for 20 years. It covers more, covers better and wears longer than many other advertised brands.

It really costs less than paints sold for less money, for it must be thinned with Linseed Oil or Turpentine before using.

Try it this year and you will always demand it.

All Growing Children

are dependent on nourishment for growth. Their health as men and women is largely established in childhood.

If your child is languid, bloodless, tired when rising, without ambition or rosy cheeks, *Scott's Emulsion* is a wonderful help. It possesses nature's grandest body-building fats so delicately predigested that the blood absorbs its strength and carries it to every organ and tissue and fibre.

First it increases their appetite, then it adds flesh—strengthens the bones—makes them sturdy, active and healthy.

No alcohol or narcotic in Scott's Emulsion, just purity and strength. 13-79

Careless in Ye Olden Days.

I was boating on Lovewell's pond in Fryeburg once, a long time ago, when I heard a faint sound like somebody shutting a door 'way off six or seven miles or so, it seemed. In a second or two a bullet came zip,' into the lake near my boat.

Then the next day after that a lantern in front of a tent on the edge of the pond was smashed by another stray shot that came from far off on the other side and in about the same range as the one that missed me.

No one so far as I ever knew found out who was doing this shooting. It would have been a hard job for there are or were then, dense woods on that side of the pond and it would have been a difficult day's work to have located the shooter in amongst them.

These people don't mean to shoot anybody. They are simply careless and not dead shots and so their weapons miss the marks they fire at and the bullets go along distance before they spend themselves and land somewhere.

Income Tax.

That Went Into Effect Nov. 1st.

The income tax, the most revolutionary revenue-raising power conferred on the American government since its foundation, started with November upon the path that is expected to bring millions into the public treasury. Although an income tax has been agitated for many years and its existence was assured by an amendment to the Constitution agreed to by the necessary number of states early last spring, its collection by a government which has not tried it will strain the resources of the fertile minds in the Treasury Department and will be accompanied, it is not doubted here, with a thousand complications not now foreseen.

The man in the street who knows he makes more than $3,000 a year, and who is personally responsible for his share of the tax does not need to begin worrying about his payment for the present. The operation of the law today affects only banks, corporations and others responsible for payment on bonds, mortgages, salaries, etc. For such part as they are bound the law they must withhold "at the source." The amounts so withheld are not payable immediately to the Treasury and the money from the tax will not begin flowing into the Treasury vaults for many months.

The tax for 1913 is to be collected from March, shortly after the constitutional amendment was ratified, until Dec. 31. Withholding agents, however, must begin deducting the normal tax of one per cent. at the source, withholding it for November and December, with certain exceptions.

The individual reporting upon his own income of more than $3,000 a year makes his return to the collector of internal revenue in his district next March.

The treasury department has issued further regulations affecting collections at the source of income. Its synopsis follows:

"Normal tax of one per cent. is to be withheld at the source where the income originates.

"All persons, firms, organizations, etc., having the receipt, custody, disposal or payment of any annual income, profits or gains required to withhold tax, except as exempt by law.

"The following income is exempt from normal tax of one per cent. being withheld at source:

"Dividends on capital stock or from the net earnings of corporations and like orgauizations that pay the normal tax of one per cent. of its net income.

"Proceeds from life insurance contracts, except annual interest payments, in excess of $3,000.

"Income of individuals which is not fixed or certain, such as income of farmers, merchants, agents compensated on commission basis, lawyers, doctors, authors, inventors and other professional persons, with no fixed annual income.

"The value of property acquired by gift, bequest or descent.

"Interest upon the obligations of the United States or its possessions or a state or any political subdivision thereof. Salary of President and federal judges. All salaries paid by a state, county, or municipality, including salaries of public school teachers.

"The normal tax not to be withheld until such time as the total payments of an annual income exceeds $3,000, then the tax is required to be withheld on the amounts of the total payments, unless claim for exemption is filed with holding agent.

"Persons liable for the normal tax of one per cent. may claim from withholding agent or collector of internal revenue, benefit of a deduction of taxes, interest and other items as provided by law.

"Withholding agent not required to withhold the normal tax of one per cent., until on and after Nov. 1, and then only amounts accruing on and after Nov. 1, 1913, when in excess of $3,000.

"Persons subject to the normal tax of one per cent. when absent from the United States or physically unable to make returns required by law may, under certain conditions, appoint agents to act for them.

"The penalty for false or fraudulent return or statement with intent to defeat or evade the tax is a fine of not exceeding $2,000 or imprisonment not exceeding one year or both.

How to Care For Auto Radiators.

Radiators on old cars, which are not provided with flexible connections to protect them from the effects of frame distortion, frequently can be rendered less prone to spring a leak if a pad of thick rubber matting be inserted between the bottom of the radiator itself and its cradle on the frame. The experiment is easily tried and, whatever its other effect, has the merit of reducing much of the vibration to which the radiator otherwise will be subjected.

AN INCESSANT COUGH.

Continued Dropping of Mucus into my Throat.

A severe cough is always a grave symptom. It may not indicate organic disease of the lungs. Even though the cough is a functional disturbance it is of sufficient gravity to demand prompt attention.

The dropping of mucus from the back part of the nose into the throat indicates nasal catarrh. Sometimes this goes on a long time before the patient pays any attention to it. It is stated on good authority that mucus dropping into the throat in this way is apt to excite catarrh of the stomach. At any rate, the condition ought to be corrected as soon as possible.

Mrs. Bourland, of Frankston, Texas, found after using Peruna that not only did the incessant cough disappear, but the dropping of mucus into the throat had also ceased. Read what she says:

"For twenty-three years I was a constant sufferer from chronic catarrh. I had a severe misery and burning in the top of my head. There was almost a continual dropping of mucus into my throat, which caused frequent expectoration. My entire system gradually became involved, and my condition grew worse. I had an incessant cough and frequent attacks of bilious colic, from which it seemed I could not recover. My bowels also became affected, causing alarming attacks of hemorrhages.

"I tried many remedies, which gave only temporary relief, or no relief at all. I at last tried Peruna, and in three days I was relieved of the bowel derangement. After using five bottles I was entirely cured.

"I most cheerfully recommend the use of Peruna to any one similarly afflicted."

People who object to liquid medicines can now obtain Peruna Tablets.

Like Poison is the Gas of Indigestion

Kellogg's Tasteless Castor Oil Clears Gas Out Quickly.

Thousands of distressed persons will go back to using castor oil now that it is tasteless.

There is nothing like Kellogg's Tasteless Castor Oil to clear out the "inner man." It is a relief for the pain and bloating of gas.

Kellogg's Tasteless Castor Oil is a new and remarkable discovery. The nauseous taste and smell are taken out but nothing else. It's all of the oil, but none of the taste, and so well purified that it acts better, without griping, and does not upset the stomach. Children take it readily.

Women and workers indoors find Kellogg's Tasteless Castor Oil a quick relief from the distress of poor digestion, and it is a perfect laxative. Kellogg's is not mixed or flavored, just a true, tasteless castor oil.

Ask for Kellogg's Tasteless Castor Oil at any drug store. Not sold in bulk, but in 25c or 50c bottles, trademarked with a green castor leaf bearing the signature, Kellogg's. Made only by Spencer Kellogg & Sons, Inc., Buffalo, N. Y., refiners of vegetable oils. 46

Synopsis of a Prominent Norway Business

C. B. Cummings is a busy man. In the fire last spring he lost $4,000 00 above his insurance. Everything on the second mill privilege was burnt to the water's edge.

In 30 days the buzz of the shook saw was heard in the new mill and work started in the paste shop. Everything is rebuilt and is running except the foundry.

The foundry is expected to start in the spring under the charge of Steve Cummings. The loss of 30 years of accumulation of patterns is great.

George Libby has charge of the paste leather factory and 30 hands are working. Ma. Cummings was the first to start in making pasted soles from leather scraps called "pan-cake."

In getting out short timber a number of hands are employed the year round and in the busy season from 30 to 50 find work. All the shook are sold to Kimball & Jordan of Waterford. Some 1,500 cords of oak and birch were made into shook last year.

Mr. Cummings has built more houses in town than any other person. He practically owns two villages—27 different houses he has built and 17 is the present number of his tenement houses.

He is engaged in farming and has raised 33 bushels of beans and 175 bushels of oats and other crops.

For years he made and sold furniture but that business is now conducted by his son, C. S. Cummings, though the father's name still adorns the sign.

Chas. B. Cummings occupies the third position on the tax list,—the Norway Tannery 1st, W. H. Whitcomb, 2nd and Mr. Cummings next.

Thirty Years Ago This Week.

Geo. C. Norseworthy and wife have severed their connection with the shoe factory and returned to Lynn. They have had charge of the stitching room for the past five years. Dec. 7th paper says they have returned and will continue at the shoe factory.

Simon Stevens and wife moved from Upton Ridge to Norway Lake.

J. Hastings Bean of Mason has put running water into his house and thence to the yard.

Frank P. Morrill of Mason has built an addition to his barn.

A. B. Stiles and Hiram N. Bean of Mason has moved to Norway.

If 30 subscribers for telephones can be got the Bell Telephone Co. will put in a telephone, connecting Paris, South Paris and Norway. It seems that this number ought to be got. South Paris has subscribed for 13 boxes.

Pepper sauce is the new name for whiskey. The box went to Paris Hill and was opened and treat was the surprise of all.

Tuesday Morning, Destruction Gale.

Thousands of dollars' damage done in this county, principally in Bethel, Andover, Rumford and Mexico.

In Norway and Paris the damage was light. N. W. Millett had a long shed blown down. A. F. Jackson lost the stately elm near his house. Shingles were blown from Chas. Bean's, Chas. Millett's and J. Henry Millett's buildings.

Newell Young's barn doors and windows and roof were demolished in North Norway; also a shed, belonging to Sarah Martin in Greenwood. Frank Porter of Paris had a barn and two sheds crushed. Mr. Stone's, Asa Jackson's and Joe Tufts' buildings were injured.

The loss on property in Bethel is estimated at $20,000.00. The house of M. E. Cummings in Bethel was totally destroyed. L. G. Kimball's barn unroofed, and shingles taken from the barn of J. H. and A. M. Carter, and millions of pine are upturned. S. B. Twitchell says his damage is more than $500 00. Deacon T. H. Chapman, W. W. Mason and John Farwell suffer great loss.

It is estimated that $75,000 00 will not cover the damage done in this county.

All the world knows of the wonderful cures which have been made by Lydia E. Pinkham's Vegetable Compound, yet some women do not yet realize that all that is claimed for it is true.

Read What These Women Say!

Bluffton, Ohio. — "I wish to thank you for the good I derived from Lydia E. Pinkham's Vegetable Compound sometime ago. I suffered each month such agony that I could scarcely endure, and after taking three bottles of Lydia E. Pinkham's Vegetable Compound I was entirely cured.

"Then I had an attack of organic inflammation and took Lydia E. Pinkham's Vegetable Compound and I am cured. I thank you for what your remedies have done for me and should anything bother me again, I shall use it again, for I have great faith in your remedies. You may use my testimonial and welcome. I tell every one what your remedies have done for me."—Mrs Rhoda Wingate, Box 395, Bluffton, Ohio.

Pentwater, Mich.—"A year ago I was very weak and the doctor said I had a serious displacement. I had backache and bearing down pains so bad that I could not sit in a chair or walk across the floor and I was in severe pain all the time. I felt discouraged as I had taken everything I could think of and was no better. I began taking Lydia E. Pinkham's Vegetable Compound and now I am strong and healthy."—Mrs. Alice Darling, R. F. D. No. 2, Box 77, Pentwater, Mich.

For 30 years Lydia E. Pinkham's Vegetable Compound has been the standard remedy for female ills. No one sick with woman's ailments does justice to herself if she does not try this famous medicine made from roots and herbs, it has restored so many suffering women to health.

Write to LYDIA E. PINKHAM MEDICINE CO. (CONFIDENTIAL) LYNN, MASS., for advice. Your letter will be opened, read and answered by a woman and held in strict confidence.

The reports of the different branches church work were given. E. N. Swett spoke in the interest of the Sunday school, P. F Stone, the Junior Department of the Sunday school and Y. P. S. C. E. society; Mrs. R. J. Bruce, the Junior Y. P. S. C. E society; Mrs. I. A. Bean, the Missionary society and Mrs. A. J. Stearns, the Ladies' Circle. Each report shows the work in the different branches to be in good working order, with the opportunity and prospects for a larger work the coming year. Mrs. Florence Fogg rendered a selection with Mrs. H. L. Horne at the organ.

The closing remarks were made by the pastor, Rve. R. J Bruce. He paid fitting tribute to the memory of those members having passed away during the year and evoked special blessing to those where death has entered the family circle. In the course of his remarks he reviewed the work of the past briefly urging that in the year to come that all connected with the church will become more united and strive to accomplish more in the coming year than in the one just past, and that by the united efforts much good work can be done in the community.

It was also voted to extend thanks to all who had contributed sums of money for the parsonage which made it possible for the church to purchase.

To prevent disease- resist disease germs

SMALLPOX is prevented by vaccination — the injection of vaccine.
DIPHTHERIA is prevented by the injection of anti-toxin.
These enable the body to produce substances which prevent the growth of smallpox and diphtheria germs in the blood.
There are many other diseases, nearly, if not quite as dangerous, and far more common — typhoid fever, the grippe, bronchitis, pneumonia, catarrh, rheumatism, and a score of others — that can be prevented less painfully and more easily by making the body strong to resist germ infection.

TRADE MARK

Olive Oil Emulsion
(With Hypophosphites)

Is designed for the prevention as well as the relief of disease — by enabling the body to overcome the *germs*. It, at the same time, strengthens and tones the nerves, nourishes the blood, puts the entire system into a proper healthy condition to combat and successfully resist disease.

Every person not in perfect health has incipient germs of some distressing ailment in his or her system.
Cold weather, over-work, excesses of any kind, are liable to bring about just the conditions under which those latent disease germs will get the upper hand, and put you on your back "down sick."
You who are run-down, tired-out, *nervous* —
You who, though not sick enough to give up, *still don't feel good* —
You who are apparently well, and *want to stay well* —
Take home a bottle of Rexall Olive Oil Emulsion today, and use it as a means to *get well and keep well.*
Rexall Olive Oil Emulsion is a real nerve-food tonic.
In this it is different from most other so-called "tonics" which either have no food value and do nothing more than temporarily stimulate you, leaving you in a worse condition than before or, having food value, still are so unpleasant to take that many people can't keep them down.
Rexall Olive Oil Emulsion is pleasant to take. The Hypophosphites it contains tone the nerves. The pure Olive Oil nourishes both nerves and blood.
Rexall Olive Oil Emulsion strengthens you, puts snap and ginger and vitality into your system. It makes you feel better and stronger. It improves your digestion and your bowel action.
It contains no alcohol nor any dangerous or habit forming drugs.
It is guaranteed to be just as represented above — to do all that is claimed above — to satisfy you in every way, or your money back without quibble or question.
Enough for full two weeks' treatment, $1.00.
Sold only at The Rexall Stores — the World's greatest Drug Stores — and always with a full guarantee of complete satisfaction, or your money back.

Ground-up tobacco keeps getting drier all the time—so dry that it clogs in the bottom of the package and has to be dug out. No wonder it burns fast, smokes hot and bites the tongue.

HIRAM.

Dr. Charles E. Wilson's Funeral

The funeral of Dr. Charles E. Wilson was held Friday afternoon, Nov. 7th at his residence, Rev. J. F. Albion of Portland and Rev. Henry H. Hoyt of Hiram officiating, a large number being present. Many beautiful floral pieces were displayed, sent by friends and relatives here and elsewhere and by professional associated during and since his college days.

Dr. Wilson was much interested in the various branches of the Masonic fraternally, as a member of Mt Tir'em Lodge, 132 of Waterford, Oriental Commandery 22, of Bridgton and also of Hiram Lodge 39, Knights of Pythias. The last named lodge sent a large delegation to the funeral. Physicians from various parts of the state attended also and many members of Masonic bodies with which he was affiliated.

Six physicians acted as bearers, doctors Sawyer of Cornish, Devereaux of Kezar Falls, Bennett and Lombard of Bridgton and Marston and Fitch of Brownfield.

John W. Clemons is erecting a new stable.

Hon. Charles Rankin has recovered from his illness.

Mrs. Arvilla F. Spring has been in Westbrook for several weeks acting as nurse.

Rufus Small has painted his shop. The Congregational church has recently been painted.

Llewellyn A. Wadsworth has recovered form his recent illness and on November 13 quietly enjoyed his seventy-fifth anniversary at his highland home and started in the race for the century mark.

Moses B. Robbins of Porter recently removed the remains of his parents, grandparents, one brother, and three sisters from the Joshua Robbins farm on Hiram Hill to the lot of his sister, Mrs. Lydia J. French, in the East Hiram cemetety. This is commendable. When the old homestead passes into the hands of strangers and the children remove to the villages, it is well to care tenderly for the dead and remove their forms to well-kept cemeteries.

Dr. Elizabeth G. Pyrum-Perry (an account of whose death is on page 2nd) summer home "Pine Villa," Fryeburg, afforded her much happiness but as winter drew near she frequently went to Portland, where she enjoyed social life and gaiety. She was equally as well-known in Manchester, having spent some time in the home of her nephew, the late Gen. H. A. Farrington. Her cherry disposition, brilliancy of mind and her generosity, won for her many friends and she never failed to entertain. From her pen came many beautiful thoughts many of which she read in public. A remarkable memory made it possible for her to give many lengthy poems. In August she was engaged as parlor entertainer at Peaks Island, where she did herself great credit and realized quite a little money. With her needle she accomplished remarkable things, her latest piece being a silk, sofa throw completed shortly before her death. The funeral services were held at C. W. Farrington's, her nephew, Wednesday p. m., at 2 o'clock. Rev. A. D. Taylor officiated and the quartette rendered appropriate music. Burial was on the Farrington lot at Fish street cemetery.

SOUTH WOODSTOCK.

Ethlyn Davis.

This community was deeply saddened Saturday morning, Nov. 8, by the death of Ethlyn Davis, after a short illness of typhoid fever. She was the only child of Mr. and Mr. E. B. Davis. She leaves a father, mother, grandmother and a host of more distant relatives and friends.

Ethlyn was loved by everyone. Always of a happy disposition, everyone was in the best of spirits when with her. She will be greatly missed at the Sunday School of which she was one of the teachers. She was vice president of the Willing Workers. She was a member of Franklin Grange and of the Dramatic club at Bryant Pond.

The funeral was held at the house Monday at 1 o'clock. Rev. C. G. Miller of South Paris spoke comforting words to the bereaved family. The bearers were Harlan Andrews, Eddie Wood, Fred Andrews and Harry Sanborn.

The concert given by Prof. Wight was well attended. The song and encore by Rupert Curtis brought down the house. The song by little Beryl Wood also deserved mention which was, "Would you like a little girl like me?" Beryl is a sweet little singer of seven years. The solo by Harlan Andrews and chorus by the rest of the boys was well received in which some of the older boys got so excited they stood on the railing of the gallery and shouted, "Hear dem bells." Ione Farnum of Bryant Pond sang the "Twilight Express" in a pleasing manner. It is always a pleasure to hear her sing. We hope Prof. Wight will come again and have another school in the near future.

Rev. Cymbrid Hughes preached very earnestly and impressively last Sunday, taking for his text or subject.—"Is liquor selling a business or a crime?" Many of his hearers believe it to be a lucrative business; also a heinous crime.

The Red Men of Costello tribe, No. 32, had the time of their lives last Friday evening. They literally painted the town red, the colored lights, torches and band, calling every one out of doors. Three degrees were worked, the first by Ossipee; 2nd, Westbrook, and the 3rd by Costello. It was an all night job but the banquet and Edgecomb's orchestra and out of town visitors were pleasant features of the night. The unpleasant part was the advantage taken by a few not belonging to the order of indulgence in drunkenness and selling liquor. For those who think high license good for the town a free object lesson was given.

NORTH HARTFORD.

Surprise Party.

A surprise party was given Alonzo Oldham, Saturday night, Nov. 6, being in honor of his 48th birthday.

About 8 o'clock some over 40 neighbors and friends entered the house in a body. They were kindly greeted by host and hostess. He was presented with a very nice oak rocking chair, the presentation speech being made by James Suckles of Sumner. Mr. Oldham pleasantly responded by giving thanks to the givers and friends.

Mr. and Mrs. Suckles also gave two china plates. A birthday cake held its attractions with name and age of Mr. Oldham.

Another great attraction for the young folks was pinning the tail on to the donkey, the nearest winning a prize, also the one that was farthest away. First was won by Leforrest Cushman of Canton and the booby prize by Raymond Bragg. A poem was composed and read by Gladys Cushman, which was very appropriate for the occasion. The evening was spent in listening to graphaphone selections and in social chat.

The out of town guests were Mr. and Mrs. Hiram Stillman, an aged couple of Peru, Fred Farnum of Livermore, Mr. and Mrs. Elden Bisbee, Leforrest and Alice Cushman of Canton and James Suckles and wife and Gladys Morrill of Sumner.

Ice cream and cake were served. A very enjoyable evening was passed and after a late hour the friends departed to their homes, wishing him many happy returns of the day.
